

TURNKEY PEB / STEEL BUILDING

RP CONSTRUCTION is among the leading pre-engineered building in TN & KA. We have setup and capably offer end-to-end and turnkey civil construction and turnkey PEB contract services. When you engage with us on a turnkey basis, you are thus assured of quick completion, measurable cost savings and high accountability as we are a one-stop source.

Any pre-engineered steel structure consists of the following, and we bring complete expertise to the design, manufacture, fabrication and erection of

- Main frames (also called primary members)
- Secondary members
- Roofing
- Additional accessories like skylights, cranes and customizations
- Sandwich panels

As masters of prefab construction, we have worked on a wide variety of projects including but not limited to warehouse construction, steel building construction, PEB building construction and factory sheds among others. We plan such that all structures are bolted together. This means quicker installation and reduced cost for the customer. Further, we work with foresight at every step and ensure that in the planning stage itself, there is scope for future expansion.

INTRODUCTION

Twenty seven years experienced engineers team developed this company the name of RP CONSTRUCTION, Chennai & Hosur. Past 7 years the company was developed with honesty & truthfully. We construct an all kinds of buildings, individual houses and PEB structure work. At the same time we design all kinds interior works also.

Hello, all! This is **Palanivel, B.E.**, the Director of RP Construction, I have started my career in Pondicherry-Senthilnathan construction (Rajiv Gandhi Dental College project and other 5 years), Chennai-Vijayshanthi Builders Ltd (Project manager-15years) and KG Foundation P. Ltd (Sr. Project Manager - 1 ½ Years) after completing my Engineering. And as an individual, I'm extremely self-motivated. I feel honored to say that, I had an expert who guided me through all the difficulties in the Real Estate Industry and Construction. With almost a decade's experience in this industry, I could proudly say that I have seen it all. The Real Estate and Construction experience I got is matchless and I would only thank my clients with whom I have worked and have done the business for this exposure I have acquired. Coming from a professional background, I have learnt the ability to see and understand the client's needs and to offer businesses that will always be a profitable investment.

Interior design is an art that involves colors, form and designing concepts to excellent room or a location. It have hues and shades of nature to generate a wider meaning into the enclosed space for day-to-day used in life.

TURNKEY PROJECT

RP CONSTRUCTION and see our General Quote & Specification Data. We are pleased to quote our most competitive rates for the constructions of your proposed home anywhere in Tamil Nadu & Karnataka.

We have quoted for types of works, one is for construction on Turnkey Basis (Complete Work) & the other one is for only Structural work upto the Plastering stage.

The below detailed specifications cum rates will give you a basic idea of our contracting charges, Materials used and also the construction methodology. And if incase you prefer to upgrade or downgrade or downgrade any of the cited materials. we will provide you with a revised quote after the final materials are chosen by you and before the construction work begins. We believe you should get into your home on budget and on time and we will not surprise you with any hidden charges. Once we sign the contract, the price we have set is what you will pay, making it easier for you to understand your budget better. Of course, if you would like to make changes beyond that point, we are happy to provide a "Change Order" which may slightly alter the final price of the home.

MODULAR KITCHEN / INTERIOR
